

9 August 1960

MEMORANDUM FOR THE DIRECTOR

1. This memorandum recommends action in Paragraph 2.

2. Reference your letter of 1 August 1960 to Governor Hoegh saying you will present an unclassified summary of the current intelligence situation at the Annual Convention of the American Bar Association on 30 August 1960, you also state in your letter that you will be pleased to designate a senior official to represent you. Since this is a convention of the Bar Association there will be various Resolutions acted upon and it could be that political implications will result. I, therefore, recommend that the DCI personally not make a speech, but that Tracy Barnes deliver a talk.

3. Attached hereto is a clipping from the CHICAGO TRIBUNE, 4 August 1960, on one of the Resolutions (a very good one) that will be brought before the Convention with a request that it be adopted and also that the Bar Association distribute copies of the 25,000 word report on the Soviet Union to libraries and civic organizations throughout the Country.
